Stunning contemporary villa with spectacular sea views

This luxurious family home is built to the highest standards and specifications, and represents pure elegance in both the building features and interior décor. The large entrance hall leads into a spacious living room with access to a large terrace area. The fully fitted kitchen is from the brand “Small Bone” and leads onto a large TV room. Separate dining room. The first floor consists of 4 en-suite bedrooms, the master bedroom with breathtaking sea views and large walk-in wardrobes. The basement area consists of large cinema room, bar and poker room, heated indoor pool, plunge pool, sauna and Turkish bath, massage room and gymnasium. There are 2 lifts in the house. The property also includes a beautiful guest house. This is a stunning, very private property set in the foothills of the La Concha mountain, and enjoys panoramic views of the Marbella coastline.

The gardens, with 2 swimming pools, are perfectly manicured and filled with tropical plants.

The property is fitted with a top-of-the range security system and also is within a secure 24-hour gated community. Simply magnificent.
